

# Less Water More Green.

Looks and Feels Like Real Grass

Founded in 1989, Mesa is one of Southern California's largest home improvement companies for residential homes, new custom homes, apartment buildings and homeowner associations. Mesa takes great pride in providing high quality products and superior service throughout all of Southern California.

## Why Mesa Turf

High Quality Artificial Turf at the Lowest Price

When you choose Mesa's artificial turf for your home you will not only get to enjoy a beautiful green lawn all year round at the most affordable price, but you will also save money each month. Mesa's artificial turf requires virtually "zero" maintenance, so say goodbye to the days of pulling weeds, mowing, fertilizing and most importantly watering your lawn. The time and money saved from eliminating these costly maintenance activities and "going turf" is undeniable and one of the main reasons homeowners have been switching to artificial turf at a record pace over the last few years.

# Autumn Prairie

Durable Multi-Purpose Turf for High Traffic Areas

## Overview

The rich olive and deep field green gives you the richest color green in our range. Flawlessly imitating the color of the year round fescue landscapes that are thriving in residential and commercial settings around California. Our unique Wave Blade achieves its purpose of reducing the warming effects of the sun's rays.

## Stand Out Features

This Wave Blade design delivers durability and a natural heavier body surface for high traffic and minimal aftercare. This design gives you the lowest amount of sheen for a lush green lawn.

## Key Takeaway

For those seeking a cost effective and multi-use turf that is equivalent to natural Ryegrass, this is ideal for you.

Blade Height	1.75"
Blade Type	Wave Blade
Weight	66 oz.
Color Scheme	Olive, Field Green

### Overview

The rich olive and deep field green gives you the richest color green in our range. Flawlessly imitating the color of the year round fescue landscapes that are thriving in residential and commercial settings around California. Our unique Wave Blade achieves its purpose of reducing the warming effects of the sun's rays. The Bel Aire Garden Blend, being the densest and plushest of our products, provides the look of a well-kept and healthy lawn.

### Stand Out Features

Our Wave engineered blade is designed to reduce reflection of the sun. This particular blade shape produces a slightly thicker and stronger surface, ideal for heavily used areas.

### Key Takeaway

Ideal for those seeking the most premium and plushest looking lawn, beautifully manicured and ready for showcase perfection.

Blade Height	<b>1.75"</b>
Blade Type	<b>Wave Blade</b>
Weight	<b>90 oz.</b>
Color Scheme	<b>Olive, Field Green</b>

# Bel Aire Garden

Perfectly Manicured with the Richest of Greens

# California Majestic

The Ultimate in Artificial Turf Luxury and Appearance

### Overview

California Majestic is our leading imported product for all landscape related projects, playgrounds or pet areas. California Majestic is our plushest and most full bodied turf with a 4 color blend, delivering one of the most sought after colors. A combination of 1 part spring green, 2 parts field green, plus the unique introduction of polypropylene brown and green thatch gives the appearance of a new growth summer lawn. Our Flat Diamond shaped blade gives you the softest feel of any of Mesa's products.

### Stand Out Features

Ideal for all landscaping projects. The tall pile height and tufting gauge make this well suited for playgrounds and outdoor living areas. Our Flat Diamond shaped blade design gives you one of the softest natural feeling products.

### Key Takeaway

This highly sought after rich green color, deep pile height and soft plush construction is ideal for projects seeking that upscale look.

Blade Height	1.75"
Blade Type	Flat Diamond
Weight	70 oz.
Color Scheme	Spring, Field Green
