

Founded in 1989, Mesa is one of Southern California's largest home improvement companies for residential homes, new custom homes, apartment buildings and homeowner associations. Mesa takes great pride in providing high quality products and superior service throughout Southern California.

Mesa offers a wide selection of products ranging from entry level steel garage doors to full custom wood French doors produced in our large Anaheim manufacturing facility. Whether you're looking for garage doors, windows, patios doors, interior or exterior doors or artificial turf Mesa has the perfect product for you in style and price.

American's Largest Garage Door Installation Company

Over 300,000 Satisfied Customers

The entire Mesa Garage Doors team has been rigorously trained in all aspects of sales, service and installation. Each individual must pass strict background tests before they become part of the dedicated Mesa family.

All Mesa Garage Doors are manufactured right here in the USA.

Improve your home's appearance with Mesa's Bronze Series garage door, available in nominal 24 gauge steel with a durable 2" steel frame construction.

All Mesa's steel series doors are installed with our unique white section support system and are designed for beautiful, long-lasting performance. Choose from short panel or long panel designs available in white, almond, brown and sandstone.

To add additional beauty to your door we offer a wide range of designer window options to create a door that enhances your home's curb appeal without straining your budget.

Improve your home's appearance and energy efficiency with Mesa's Gold Series insulated garage door, available in nominal 24 gauge steel with full polystyrene insulation providing strength, interior beauty and great insulating value.

All Mesa's steel series doors are installed with our unique white section support system and are designed for beautiful, long-lasting performance. Choose from short panel or long panel designs available in white, almond, brown and sandstone.

You may choose to further enhance your home's beauty by added optional designer windows to your new door. Mesa's Gold Series doors deliver beauty and energy efficiency without breaking the bank.

Our Platinum Series three-layer construction provides exceptional strength, energy efficiency and dent resistance all packed into our sleek low profile design. All Platinum doors are available in short panel, long panel and flush exterior designs in white, almond, brown and sandstone colors.

Improve your home's curb appeal and increase the return on your investment when you add our optional designer windows.

Three layer sandwich construction with added thermal break makes our Platinum Series doors heat and cold resistant while the tongue-and-groove joint helps seal out wind, rain and snow. All Platinum series doors are the most durable in our line up ensuring the first amazing impression becomes a lasting impression.

With Mesa's Carriage Stamp collection you will get the custom carriage house look with the low cost and low maintenance of a steel door. All Carriage Stamp doors are available in Bronze, Gold and Platinum Series to fit nicely in any budget.

With a wide range of colors, decorative hardware and designer window styles we can custom design your door to perfectly match your home.

Available Colors

White Almond Sandstone Brown

Medium Woodgrain Dark Woodgrain

The color samples are not exact reproductions, slight variations occur in printing. Please ask your representative for actual steel color swatches.

Woodgrain colors are only available in Carriage House Designs.

This Carriage House Style steel garage door simulates the look of old fashioned swing type doors. The Carriage Classic is available in a large selection of attractive designs to enhance the beauty of your home. The design patterns are a deeper "High Definition" pattern than most steel garage doors. This makes the door design more visible from a distance thus enhancing your homes curb appeal.

Steel Overlay Carriage House

Overlay Doors

Unique High Definition Overlay Carriage House

Our High Definition Overlay garage doors offer a luxurious appearance and are a hybrid garage door. Using our insulated sandwich construction as a base we apply computer cut overlay designs with designer edges and no joints. These overlays are made with Extrira which is a revolutionary product made specifically to be resistant to moisture, rot and termites. Our HDO doors have an insulation value of 10.4 R, a Thermal Barrier Joint and are factory painted white after assembly.

Door Construction

Our Full View Aluminum is constructed of commercial grade extruded aluminum alloy stiles and rails. Mechanical fasteners that connect the stiles and rails are extremely strong and visually undetectable. The Modern Classic comes standard with a clear anodized finish. Optional finishes include black anodized, dark bronze anodized, white Polycron® III polyester, Wood Grain and solid color powder coated finishes. The white polyester finished doors can also be easily field painted to your exact color requirement.

The Modern Look of Aluminum and Glass

Infinity Aluminum

Real Wood Look—Aluminum Durability

The Infinity Aluminum has combined the elegance of a wooden carriage house style door with the latest manufacturing technology to create the new Classic Aluminum. The Classic Aluminum's weather resistant durability is unsurpassed and with proper maintenance will virtually last the life of your home with "Everlasting Elegance".

Standard Designs

Window Designs

Optional Woodgrain Colors Available

Classic Aluminum is available in a wood grain finish. Our doors look so realistic and natural that they are mistaken for real wood doors. The wood finish is a powder coat process, an excellent performer near the coast and where corrosion may be present.

Our Modern Tech steel garage door offers the Beauty of Aluminum with the Strength of Steel. A 24 gauge steel face and a 2 inch thick polystyrene insulation core makes the Modern Tech extremely strong and energy efficient. It is built using a time-proven sandwich-type construction method and comes in three simulated anodized finishes: Black Satin, Dark Bronze and Brushed Nickel and Bright White.

Wood Doors

Inspired Design - Handcrafted Quality

Full Custom

Authentic carriage house designs combine historical charm and character with the convenience of automatic overhead operation. Unlimited carriage house designs are available to accommodate any architectural style and color scheme.

Custom Rail and Stile

Our cost effective semi-custom series garage doors are the perfect way to give your home historical character while also providing you with a unique style that will stand out in your neighborhood.

Raised Panel

These handcrafted wood garage doors feature traditional raised, recessed and flush panels that allow you to choose the best look for your home and its architecture.

For over 25 years, Mesa has specialized in manufacturing the highest quality custom wood driveway gates exclusively in our Southern California wood shop. Our wooden driveway gates are custom designed to your exact specification and crafted from beautiful wood options such as Mahogany, Douglas Fir, and Cedar and include a full range of options for motorized opening and remote operation. Our double-sided driveway gates have steel frames hidden inside the wood to provide extra strength and durability, allowing for decades of service.
