

# Sculpted in Wood.

Mesa Wood Garage Doors

---

For over 28 years Mesa's master wood craftsmen have designed and manufactured unique, one-of-a-kind, custom wood garage doors, French doors, and entry doors exclusively in our 10,000-square ft. Orange County, California wood shop. Each wood door is handcrafted exact to customer specifications, using only the finest materials available ensuring low maintenance, long-lasting beauty, and superior reliability.

With a wide variety of designs, styles, and options to fit your budget, a Mesa custom wood door is the upgrade you need to maximize the curb appeal of your home.

# American's Largest Garage Door Installation Company

Over 300,000 Satisfied Customers

The entire Mesa Garage Doors team has been rigorously trained in all aspects of sales, service and installation. Each individual must pass strict background tests before they become part of the dedicated Mesa family.

All Mesa Garage Doors are manufactured right here in the USA.

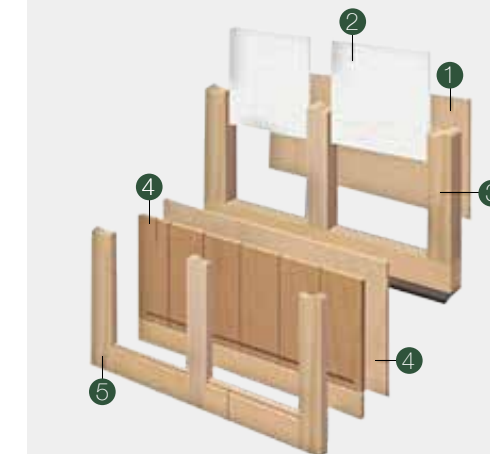

# Full Custom Smooth

Expertly Designed, Masterfully Built

Mesa's Full Custom Smooth wood garage doors offer smooth full panel designs to complement the architecture of many styles of homes. These smooth insulated wood doors are built with specially framed and sized sections and can include a wide variety of wood overlay designs.

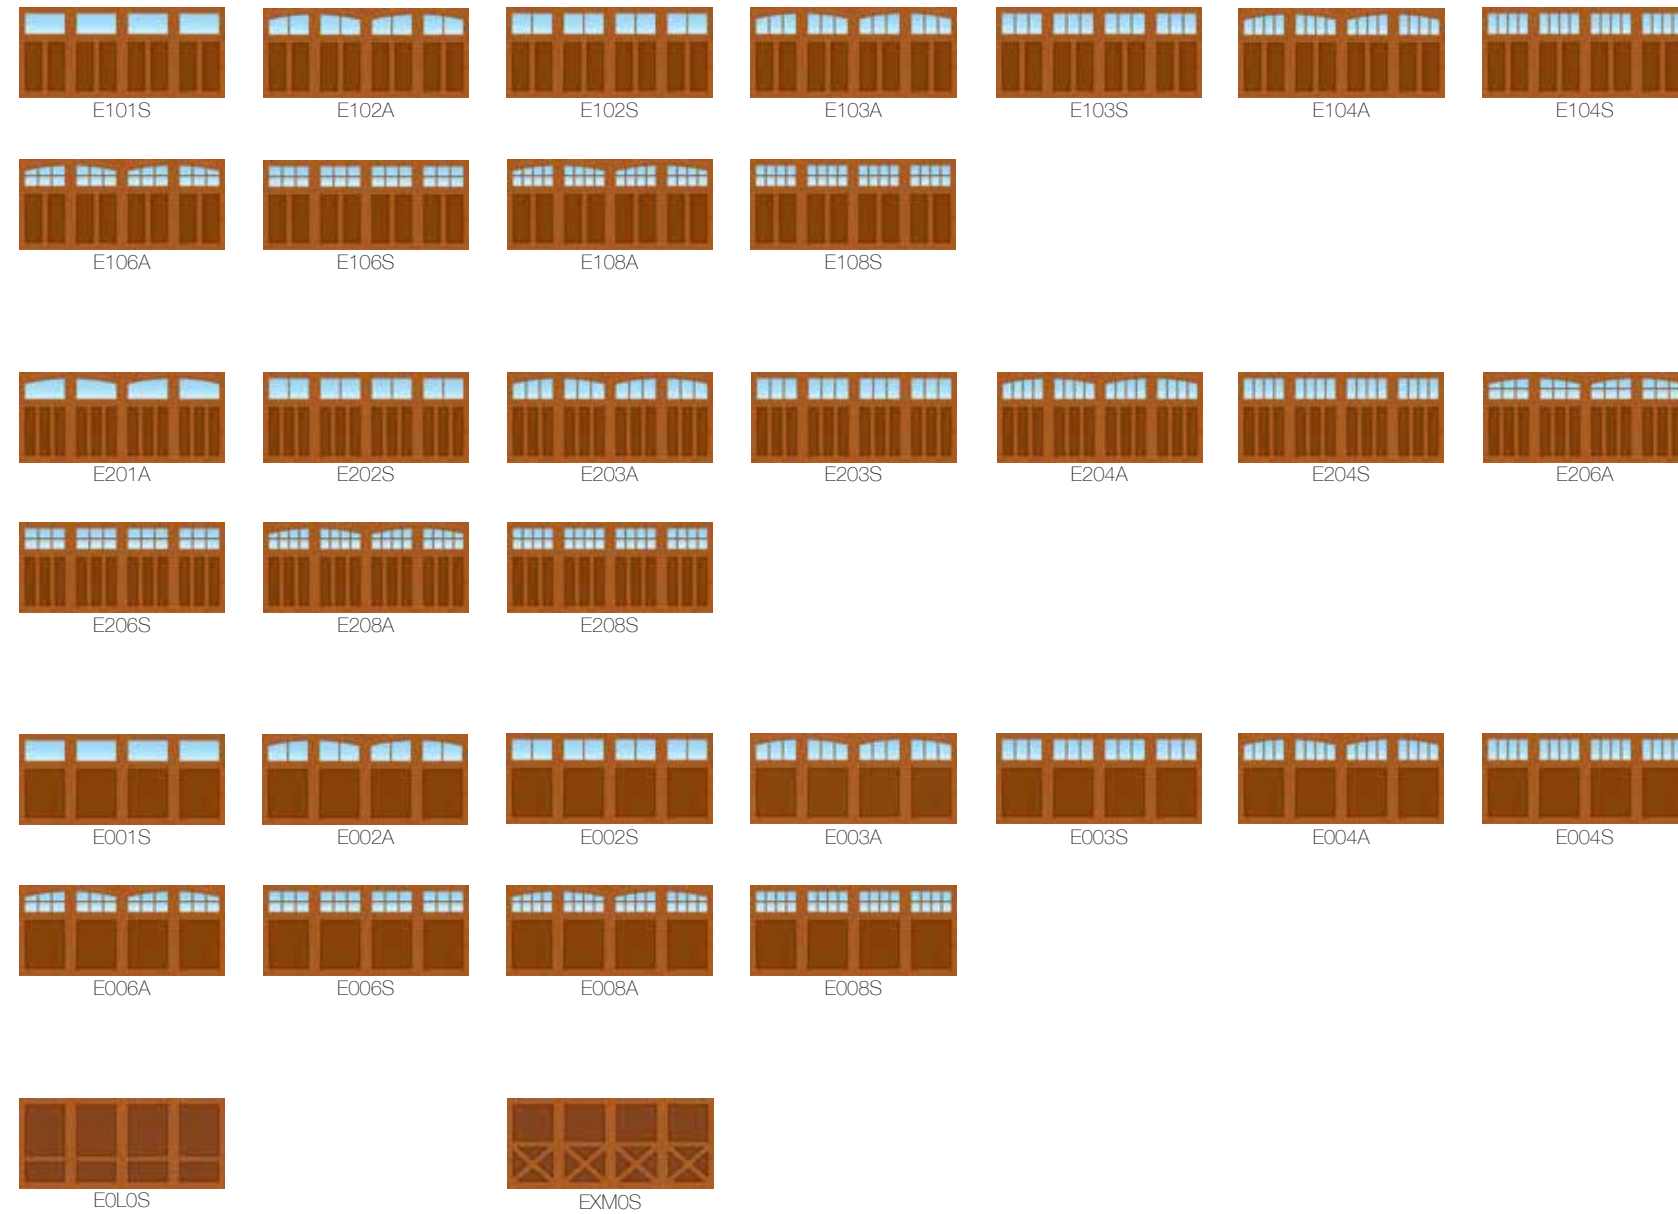

## Full Custom Construction

Expertly Crafted for Exceptional Durability and Functionality

# Estate Gates

The Perfect Combination of Elegance and Strength

Mesa's wooden driveway estate gates are custom designed and crafted from beautiful wood species, including Mahogany, Redwood and Cedar. Our heavy-duty gates are reinforced with steel frames hidden inside the wood to provide extra strength and lasting durability.

Mesa creates state-of-the-art entry doors that are unique and available in a wide selection of designs and materials. Our entry doors are fully customizable, allowing you to create the perfect door that conveys warmth and reflects style and sophistication. High quality custom doors at rock-bottom prices. If you can envision it, we can create it!
